

City of San José
Request for Qualifications

**NOTICE TO INTERESTED QUALIFIED CONSULTANT FIRMS
FOR NON-MANDATORY SITE VISIT OF THE SPRECKLES PUMP STATION**

January 21, 2009

**SUBJECT: REQUEST FOR QUALIFICATIONS (RFQ) FOR CONSULTANT
SERVICES FOR THE SPRECKLES SANITARY SEWER FORCE MAIN
SUPPLEMENT AND PUMP STATION REHABILITATION**

The City of San Jose will be having a non-mandatory site visit at the Spreckles pump station on **January 28, 2009 from 10 AM to 12 PM**. City staff will be available to provide access into the pump station.

The pump station is located on Spreckles Avenue and north of State Street in the Alviso area of San Jose, California. (See attached location map). This will be an opportunity for any interested consultant firm who will be submitting a statement of qualifications for the RFQ stated above to visit the pump station.

If you have additional questions, please contact:

Rajani (Jenny) Nair, P.E.
City of San José, Department of Public Works
Engineering & Construction Services Division

E-mail: rajani.nair@sanjoseca.gov

This map shows the Los Esteros area, including the Spreckles Pump Station. The station is located near the intersection of State St. and Wabash St. A thick black line indicates a route or boundary starting from the station, passing through the Los Esteros area, and ending near the intersection of State Hwy 237 and Zanker Rd. Other labeled streets include Michigan Ave, Grand Ave, N. First St, and Alviso-Milpitas Rd. A north arrow is present in the top right corner.
